Presidents Message

< Mark Rubey

The beaches are filling up nicely and getting a workout by us detectorists. With all the competition we have, timing is important when it comes to finding the goodies. So is luck, but, picking the right time and place to detect can help with luck. We've had a lot hotter weather lately, so, hunting during the day can be a challenge. This time of year, I like to hunt in the evening or at night when it's cooler, less traffic, and easier parking. No chance of getting a sunburn or heat stroke either! Just be conscience of your surroundings and who else is close by, especially if you hunt alone. When in an area without much in the way of lighting, you may want to keep one ear out of your headphones so you can hear someone approaching. You'll meet all kinds ofhow should I put this....."interesting" people in the middle of the night. Most are just having fun, but, people partying, drunk, high, etc can be unpredictable, so, keep your head on a swivel and stay safe out there.

Thanks, Mark Rubey

IMPORTANT MESSAGE

Hello Coinshooters,

Our mini hunt scheduled for May 19th has been postponed until Oct 27th. Help out finding sponsors. See pages 10 & 11.

Jerry Goldstein Donated these items for the Mini Hunt.

California State Parks

Foundation is calling on legislators to restore \$3 million for the California State Library Parks Pass program which equates to about 50% of its current funding level. If funding is not restored, park passes will not be available for check-out at libraries after December 31, 2024.

Hello Coinshooters,

I hope you all are having a great summer.

I think you are all aware of how the refreshments for the meeting works. You volunteer and you are reimbursed up to \$50.

We need volunteers for July, Sept, and November. With fewer members going to the meetings we need you guys to step-up, or perhaps we should just skip the refreshments and save the funds for the treasury to buy other things?

Let me know if you can volunteer for one of these months. In addition let me know if you would like to continue to have refreshments or would rather not.

July - Need Volunteer

August - Ice Cream Social - Kurt

Sept - Need Volunteer

Oct - Bake Sale

Nov- Need Volunteer

Dec - Christmas Party

Thanks

June 2024 Hunt - La Jolla Shores, San Diego, CA

Pictures and script by Jeff Gardner

It was a beautiful June morning with a super low tide. We began the hunt at 4:30 am to take advantage of the hunt. There is a splendor to be at the beach to see the awakening as the sun rises. This was truly the treasure for me today. I don't think the pictures does it justice but perhaps it shows a glimmer of how it felt. As far as the detecting goes, it was slim pickings for all. Rick out did us all with the amount of jewelry and coins that he found. There were only two entries for the competition for the best find. It was a standoff between a pretty stainless steel men's wedding band (found by Rick) and a Milwaukee Hydro Flask (found by Cris). It was a very close count, and Chis won. Cris will receive a silver quarter at the next meeting.

CALLING ALL COINSHOOTERS!!!

Dear fellow Coin Shooters,

I'm reaching out to all of you with a heartfelt plea for support as we gear up for this year's Seeded Hunt. Despite our best efforts, the response from potential sponsors has been less than enthusiastic. I've reached out to numerous detecting sites across the internet, but the feedback has been underwhelming, ranging from budget constraints to overwhelming requests for support.

However, amidst this challenging landscape, there's still hope. We've been fortunate to receive some donations, including a commitment from a company to continue supporting us beyond this hunt. But we need more. This year, all donations will go directly towards bolstering our club's budget, paving the way for exciting opportunities ahead.

Imagine what we could accomplish with a more substantial budget. We could organize truly memorable monthly meets, provide enticing prizes for our monthly club hunts, and even eventually contribute to enhancing our beloved beach sites. With your help, we could offer bigger and better door prizes and host a spectacular Christmas party where everyone walks away with something truly amazing and or special prize drawings.

So, here's where you come in. I urge each of you to leverage your connections and reach out to businesses, whether directly related to metal detecting or not. Whether it's a company that manufactures bags, boots, or car racks, every contribution makes a difference. And if you're inclined to contribute personally, please don't hesitate to contact me.

If you have leads on potential sponsors but are unsure about making the ask yourself, simply provide me with their contact information. I'll gladly follow up on your behalf and provide them with the necessary documentation, including our event details and non-profit status, for tax exemption purposes. If you would like to provide the documentation yourself I will have an attached template you can utilize.

Let's rally together as a community and make this year's Seeded Hunt a resounding success. Together, we can achieve great things.

For inquiries, contributions, or leads, please contact me at debeer.cris@gmail.com or call 904-307-8222 if I don't answer please also feel free to text me. Donations can be mailed to my address at 2844 Cadiz St, San Diego, CA 92110

Thank you for your unwavering support,

Cris De Beer

Coin Shooters Clique of San Diego, 2844 Cadiz St, San Diego, California, 92110

Dear _____,

On behalf of Coin Shooters Clique of San Diego, I am writing to you with an earnest request for your support. Our non-profit organization comprises passionate metal detectorist experts dedicated to conserving our local beaches, parks, and public recreational areas. We actively promote ongoing beach and park clean-up efforts, Item Recovery's fostering good relations and educating the community about the hobby, emphasizing our code of ethics and contributing to local historical artifact agencies by donating significant finds to museums and historical research endeavors.

We are thrilled to announce our upcoming event, a community beach clean-up, scavenger and seeded hunt scheduled for October 27, 2024. The primary aim of this event is to raise funds to support our clubs objectives, and continuous beach and park clean-up initiatives. We are reaching out to you to kindly inquire if you would be interested in contributing towards our efforts. Your generous donations will serve as raffle prizes, with all raffle proceeds allocated towards planning and executing ongoing beach and park clean-up efforts and preserving our hobby through education and outreach throughout the year.

As a registered 501c3 non-profit organization, our Tax ID number is #33-0402351. Your support would be immensely valuable in helping us fulfill our mission of preserving and enhancing the beauty of our local environment for current and future generations to enjoy. Our goals to educate and foster good relations within the community and promote the hobby of metal detecting.

We deeply appreciate your consideration of our request. Should you have any questions or require further information, please do not hesitate to contact us. You can reach us via email at debeer.cris@gmail.com or by phone at 904-307-8222.

Respectfully,

Cris De Beer

Monthly Find Competition Rules For Entering Your Find

General info: We currently have 9 categories. Your find should fit into one of them! Every find must have been made with a metal detector since the last meeting. (Note: If your find is sent to you from another country [i.e. England] you may enter it in the month you received it) You may enter only one item in each category. A picture of the item will be accepted if the item is not available to be at the meeting. Items that are found together count as one item. (A cross on a chain, matching bracelets, are examples.) The competition table judges will help you place your find if needed. Their decisions are final! .

Most Unusual. Our catchall category! If your item fits better elsewhere it should be placed there. Tell us what you know about your find. Age, type of metal, what makes it unusual! Examples: a brass boat rudder, a meteorite, a toy, who knows!

Relic. Must be at least 50 years old! Describe the item.

Best Foreign Coin . What is it? Is it dated? Does it have value? Type of metal? An undated gold Roman coin can go here!

Best Token. What is it? Is it dated? Does it have value? Type of metal?

Oldest Dated Coin. The date must be visible with a loop. We have to be able to read the date!

Best North American Coin. Canada, USA, and Mexican coins. An identifiable "slick" large cent might win this category.

Best Other Jewelry. Non-precious metal items that were made as personal adornment items or for display purposes.

Silver. Items stamped .800 and above or sterling. You can also have an item tested and certified. Silver plated items belong in Other Jewelry.

Gold, Platinum and Palladium. Items stamped with a claim as to the metal content, or tested and certified. Counterfeit items will be removed by the judges. Gold plated non-precious metal items belong in the Other Jewelry category.

Best overall. What was your favorite item from all of the other categories? It may be the most valuable find, or it may not! Examples: The gold ring with diamonds, the Civil War sword....

VOTING. Vote for one item in each category by circling the letter on the voting slip that corresponds with that item's envelope. **Vote once for your personal choice as to the best overall find from among the 9 preceding categories.**

On Wednesday the 19th I was contacted about a lost ring at Ocean Beach and made contact with the gentleman. He proceeded to give me a very accurate description of where and when the ring was lost the previous day. He then described the ring to me including a date inscription which was only a month earlier to which I congratulated him on his wedding and realized I had spoken before thinking. He was completely shattered, describing having lost the ring being one of his lowest days. I decided to wait for the evenings low tide and bring Cris De Beer along to assist in trying to get the ring back. Just after midnight we began the search and didn't hear any signals. At 1:34 am I had a really solid but high signal and scooped for it. The single scoop got the target. I tossed the sand and kicked it out to spread it out. Immediately I saw the shine of gold. Leaning down I knew it was the correct ring. I took a photo and sent it straight away. I could read the emotions in his messages the entire evening and managed to bring happiness back to someone who was having an incredibly difficult time. The following day I met up with him and his dog named Max and received one of the biggest hugs of my life and incredibly kind words written on a thank you note from the wedding showing the ring when he first put it on. It is moments like these that really make metal detecting one of the most rewarding hobbies. By Rick Hunter

For Sale /Free/Wanted

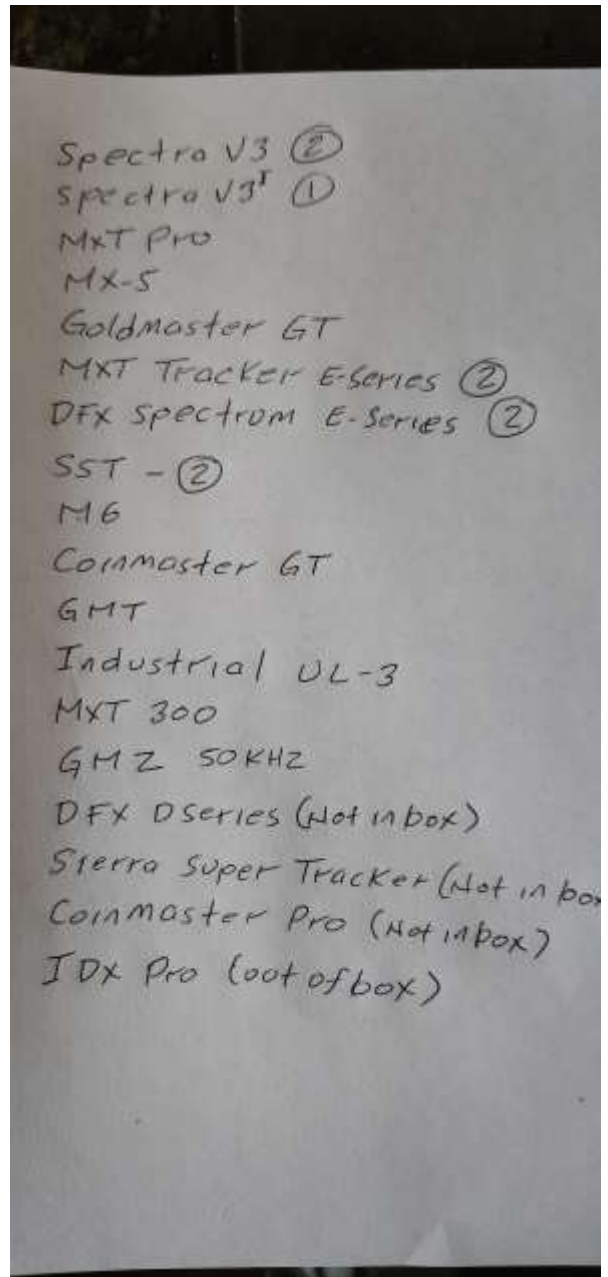

(This page is strictly for Metal Detecting Stuff Only)

The Treasurer Seekers of San Diego (TSS) recently purchased the inventory of Whites detectors from a retailer. Most detectors are in the box, with a few not. We have about 18 detectors plus extra coils, earphones, and many other Whites equipment. I have gone through each detector and replaced any missing parts (the dealer sold some parts like the battery holders) and checked made sure they work properly. Most are new with a few hardly used. Attached is a copy of the inventory of detectors. If you need any additional information let me know. If anyone would like to see one and check it out, I would be happy to show them. Most is in our storage, so I would need a heads-up. All proceeds will go to the TSS. I am just showing them. If you need any additional info, let me know.

Thank Kurt

COINSHOOTERS CODE OF ETHICS

1. Respect the rights and property of others, especially no trespassing posted areas, by not damaging or destroying public or private property.
2. While Searching, leave all land and vegetation as it was by taking the necessary time to properly fill holes.
3. Remove litter or unwanted items from your search area, leaving it cleaner than you found it.
4. Limit your digging tools to a probe, a knife or small serrated trowel when searching parks, schools, or public property. Do not bring or use a shovel in a park.
5. When digging the beach, fill any holes which might endanger joggers or others.
6. As an ambassador for the Coinshooters, use thoughtfulness, consideration and courtesy at all times.

The Coinshooters of San Diego has joined the modern age, and now has a page on Facebook. This is your site. Viewers can post pictures of their finds, detecting pictures, make announcements, or share their favorite stories. The club, likewise, will be able to send out information, share current pictures of club activities and spread the word about our great club. You will need to register with Facebook before viewing the Coinshooters Facebook page. It is easy and quick Once registered, on search, type in Coinshooters of San Diego and our page will come up. Make sure you click on "LIKE" to start receiving posts. Check it daily. Facebook is a great site to look up old friends, businesses and other organizations. Just remember, whatever is posted, is posted for the whole world to see. Don't post anything you wouldn't want your family or pastor to see. Remember, you are also representing the Coinshooters, so it is best to avoid controversial subjects and just focus on the fun and rewarding hobby of metal detecting.
