Presidents Message

< Mark Rubey

September 14th, 2024 by [Mark Rubey](#)

from La Jolla (California, United States)

Brian was playing football with some friends on the shores of Mission Beach when his watch got snagged, popped the band loose, and off into the dry sand it went. Surely something as big as a watch could be found by several people running their fingers through the sand like little rakes, right? Nope, all their efforts were in vain. In his search for help, his friend Zack contacted Curtis Cox, a fellow RingFinder member and friend located 25 miles or so north of me. Curtis recommended a call to me since I'm much closer. Thanks Curtis! I arrived at the site, called Zack, and he had Brian meet me to define the search area. At first it looked like a family had come and camped right on ground zero, but, after a minute or two, Brian said it was more likely about 20 feet away, so, I started my search there. After just a minute or two, I got a likely signal and was in the process of investigating when Brian spotted a log that he said was more likely the spot. That log was over right next to the people camped and Brian waved to me to go there. I said, wait a sec, as this might be it, and it was, still ticking away! A happy Brian couldn't believe how quick it was found. A pleasure to meet you Brian, talk to you Zack, and thanks for the reward.

Thanks, Mark Rubey

Sept 2024 - Hunt

This month our hunt was at the beautiful Coronado beach. Now that's a very long beach that has tons of sand to hunt. We meet an hour before low tide and continued into the night for an hour after low time, for a total of 2 hours. I think all in all the finds were slim and far in between we did clean up a bunch of trash. Bill was the winner with a glass pendent.

Sunshine Report: by Denise Rubey.

Hi Coinshooters,

I sent a Get Well Card to Chuck Behnke regarding his Heart Surgery for his Arteries and other things. Chuck was recovering at the Hospital. I've left a couple of messages for him on his cell.

I spoke to Rick Hunter and his health is back to normal after the Rocky Mountain Spotted Fever. Rick has been out detecting and mostly finds coins.... no jewelry yet.

Phil Pedigo let me know at the metal detecting meeting 9/24/24 that he broke his little toe. The poor thing.

I'll be sending a card out to Phil

Thank you Denise

Monthly Find Competition Rules For Entering Your Find

General info: We currently have 9 categories. Your find should fit into one of them! Every find must have been made with a metal detector since the last meeting. (Note: If your find is sent to you from another country [i.e. England] you may enter it in the month you received it) You may enter only one item in each category. A picture of the item will be accepted if the item is not available to be at the meeting. Items that are found together count as one item. (A cross on a chain, matching bracelets, are examples.) The competition table judges will help you place your find if needed. Their decisions are final! .

Most Unusual. Our catchall category! If your item fits better elsewhere it should be placed there. Tell us what you know about your find. Age, type of metal, what makes it unusual! Examples: a brass boat rudder, a meteorite, a toy, who knows!

Relic. Must be at least 50 years old! Describe the item.

Best Foreign Coin . What is it? Is it dated? Does it have value? Type of metal? An undated gold Roman coin can go here!

Best Token. What is it? Is it dated? Does it have value? Type of metal?

Oldest Dated Coin. The date must be visible with a loop. We have to be able to read the date!

Best North American Coin. Canada, USA, and Mexican coins. An identifiable "slick" large cent might win this category.

Best Other Jewelry. Non-precious metal items that were made as personal adornment items or for display purposes.

Silver. Items stamped .800 and above or sterling. You can also have an item tested and certified. Silver plated items belong in Other Jewelry.

Gold, Platinum and Palladium. Items stamped with a claim as to the metal content, or tested and certified. Counterfeit items will be removed by the judges. Gold plated non-precious metal items belong in the Other Jewelry category.

Best overall. What was your favorite item from all of the other categories? It may be the most valuable find, or it may not! Examples: The gold ring with diamonds, the Civil War sword....

VOTING. Vote for one item in each category by circling the letter on the voting slip that corresponds with that item's envelope. **Vote once for your personal choice as to the best overall find from among the 9 preceding categories.**

For Sale /Free/Wanted

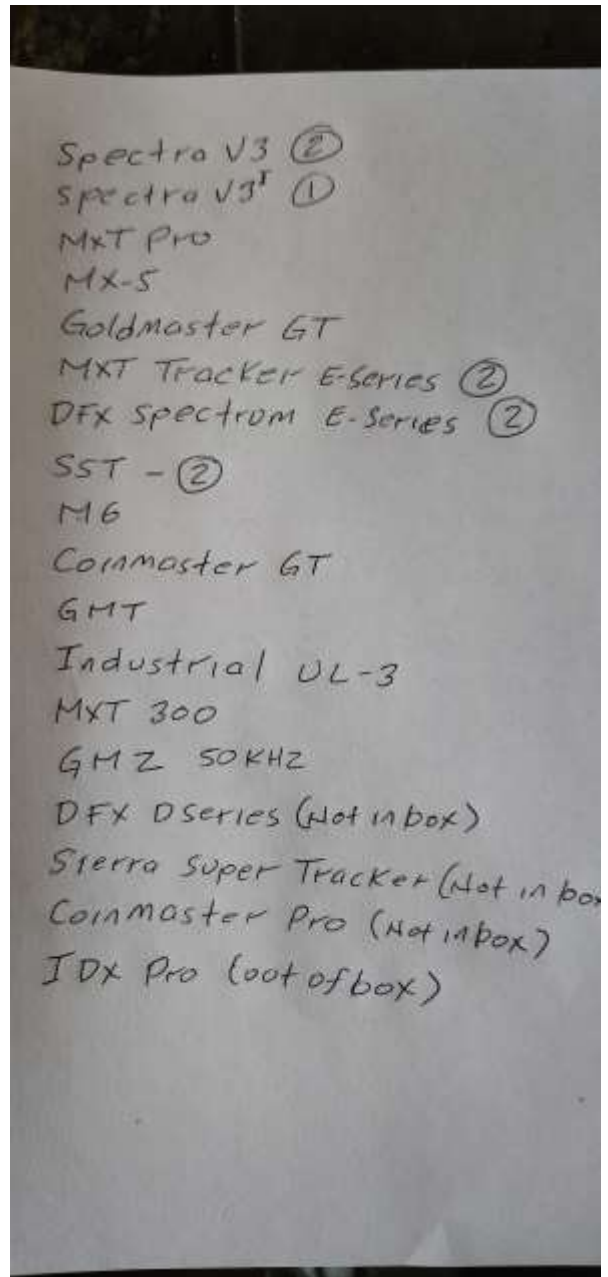

(This page is strictly for Metal Detecting Stuff Only)

The Treasurer Seekers of San Diego (TSS) recently purchased the inventory of Whites detectors from a retailer. Most detectors are in the box, with a few not. We have about 18 detectors plus extra coils, earphones, and many other Whites equipment. I have gone through each detector and replaced any missing parts (the dealer sold some parts like the battery holders) and checked made sure they work properly. Most are new with a few hardly used. Attached is a copy of the inventory of detectors. If you need any additional information let me know. If anyone would like to see one and check it out, I would be happy to show them. Most is in our storage, so I would need a heads-up. All proceeds will go to the TSS. I am just showing them. If you need any additional info, let me know.

Thank,

Jerry Goldstein

Treasurer of TSS

Viewers can post pictures of their finds, detecting pictures, make announcements, or share their favorite stories. The club, likewise, will be able to send out information, share current pictures of club activities and spread the word about our great club. You will need to register with Facebook before viewing the Coinshooters Facebook page. It is easy and quick Once registered, on search, type in Coinshooters of San Diego and our page will come up. Make sure you click on "LIKE" to start receiving posts. Check it daily. Facebook is a great site to look up old friends, businesses and other organizations. Just remember, whatever is posted, is posted for the whole world to see. Don't post anything you wouldn't want your family or pastor to see. Remember, you are also representing the Coinshooters, so it is best to avoid controversial subjects and just focus on the fun and rewarding hobby of metal detecting.
